Welcome to the 2021 Events and Touring brochure. 2020 has been a very challenging year for all of us, but with a little light now at the end of the tunnel, the JEC Events committee are making plans that we hope can be enjoyed in 2021.

UK Rallies & Events

The Summer Jaguar Festival 2021 and combined 60th E-Type anniversary celebrations have been rescheduled to Bicester Heritage, Oxfordshire. This not only celebrates the E-Type, but also 70 years since Jaguar's first win at Le Mans with the C-Type, 60 years since the arrival of the Mark X, and 20 years since the X-Type went on sale. There will be a fantastic day of activities, head to www.jec.org.uk/festival for full details.

Track Days and Racing

A busy annual programme of championship and series racing, covering many different Jaguars at tracks and circuits across the UK and Europe, is planned for this year. Also, Track Days will feature again this year giving you the chance to take your car on the track, or share one or two laps with an experienced instructor behind the wheel. Keep in touch with all things racing at www.jec.org.uk/racing.

Other events being planned for this year are listed on the adjacent page, full details can be found at www.jec.org.uk/events and within the club magazine.

Touring

And finally touring, the activity within the Events Committee that I am responsible for. We have a great portfolio of tours available for you this year. If you who want to get out and see more of the UK, we have tours for you at opposite ends of the UK – the Scottish North Coast 500 route, and the South Coast 250 route. Those of you who want to travel slightly further can take part in our tour to Jersey. Later in the year we have a tour to Lake Garda and the Stelvio Pass in Italy. The Spirit of the Entente tour taking you around Brittany and the Loire Valley has now been rescheduled to 9th – 17th June 2022. All these tours are featured in detail later in this brochure, and as always there are full details at www.jecclubtours.co.uk.

All of our tours are organised with our long term partner Scenic Car Tours, read on for more details about what they provide.

I hope this brochure gives you some ideas and inspiration for getting your Jag on the road again in 2021, and I look forward to meeting with some of you at the events and tours we have planned.

Embrace a wonderful tour to Lake Garda including 5 nights accommodation and the opportunity to drive the amazing Stelvio Pass.

Lake Garda is the jewel of the Italian Lakes and Italy's largest body of water. Its shoreline is more than twice the length of the Amalfi Coast, and it's still possible to find untouched towns and villages among the glossy resorts, for example, Peschiera del Garda, a pretty waterfront town which is often compared to Venice for its network of canals. A little further north is Bardolino. Its elegant promenade is surrounded by vineyards, and the lakefront path takes walkers as far as Garda, the lake's namesake town.

The Stelvio Pass, at 2757m, is one of the highest and most dramatic mountain passes in the Alps. You'll experience the drive down the famous switchbacks driving through the heart of the Stelvio National Park before starting the descent, which takes you through some great stretches of alpine forest and fast sweeping roads prior to your arrival at the foot of the pass.
